

GO BEYOND *BRILLIANT*

Prevent. Maintain. Improve.*

ALL AGES[^].
ALL SKIN
TYPES.
ALL YEAR
LONG.

OVER
2.9 MILLION
TREATMENTS
PERFORMED

*Preventative treatment refers to prevention of worsening of fine lines or wrinkles due to aging or sun damage. ^Refers to age of consent 16yrs & older.

ADVANCE YOUR PRACTICE WITH CLEAR + BRILLIANT® TOUCH

Clear + Brilliant was developed by the same company behind the original fractionated laser device Fraxel® to provide aesthetic medical practitioners with a laser that bridges the gap between microdermabrasion or chemical peels and more aggressive, corrective laser procedures. It will take a patient's skin health to the next level by helping to improve tone, texture, elasticity and pore appearance. It is a gentle, yet effective way to help your patients fight the early signs of ageing and maintain youthful-looking skin.

To help:

Prevent*
Signs of aging

Maintain
Healthy, radiant skin

Improve
Skin's overall appearance

Patients reported being clearly satisfied with the Clear + Brilliant® Treatment¹

1. Data on file, Solta Medical *Preventative treatment refers to prevention of worsening of fine lines or wrinkles due to aging or sun damage.
^Refers to age of consent 16yrs & older

THE ALL-STAR LASER

Clear + Brilliant's versatility, performance, and efficiency could make it THE laser for your practice

A CLEAR option for many patients.

- For emerging patients looking to refresh their skin but aren't ready for invasive treatments.
- For patients looking for a treatment that they can do multiple times in a year to help keep their skin looking renewed.
- Clear + Brilliant has a unique position in the continuum of care and can help your patients protect the investment they've made in their skin.
